SCAN ME

## [Our Story](#)

Cushy SCL. is a family-owned business that started in 2018. 2 owners established Cushy SCL. They have studied product and fashion merchandising and both of them have worked in garment manufacturing factories, reputed local and foreign sourcing companies for over a decade. Cushy SCL. is already moving forward with a reputation for providing superior-high-quality products that look good and fit right and on-time delivery.

## [Our Mission](#)

Cushy SCL. committed to provide innovative and creative design, well capable to manage complex supply chain, ensure superior high-quality products that look good and fit right, on-time delivery standards, trusted logistics partners, ensure safe and healthy workplaces with employee care. We are global one stop apparel sourcing solution from Bangladesh. We provide a series of private labels to the world's leading retailers and wholesalers.

## [Our Vision](#)

Our customer's requirement will be fulfilled with the best products, and always make them feel that they are receiving outstanding value for their money.

## Design

Our designers draw inspiration from across the globe to create products that appeal to shoppers worldwide. We work on both customer specific ranges (providing the unique product) and in house stock lines (which allows customers to trial lines, update ranges and optimize their requirements). Our product range includes various types of flat knit garments as well as sewn styles in jersey, cut and sew & woven. In our collections new styles are presented as samples every season.

## Sustainability

Continued success is centred on our long-term supply partnerships. We dedicate staff to support and improve the working environments across our production facilities so we that can achieve the highest standards for both suppliers and customers alike. Cushy SCL. works with internationally recognized organizations, such as SEDEX, Wrap, BSCI, OEKO TEX approved factory, to ensure all our supply chain partners attain the highest levels of accreditation. The materials on which we are focused on are given here,

- **Sourcing Sustainable material**
- **BCI Cotton**
- **Certified Recycled Cotton**
- **Viscose**
- **Certified Recycled Polyester**
- **Lyocell**
- **Certified Organic Cotton**

## Production

Quality control is a matter of course. Our established network of sources in Bangladesh our own presence, enables us to bridge the gap between our customers and the manufacturers. Our highly experienced quality team look after the production of all orders, ensuring our own exacting quality standards are met and all goods are shipped correctly and on-time.

## Merchandising

We have vast experience in merchandising as we have been running this company for a long time. our team members know what every customer demands. Our Merchandisers are always committed so that they can retain the supply chain, on-time submission, and fulfil the customer's all requirements. They have day to day communication with our valuable customers and also provide the proper feedback with the latest update.

## Shipping & Logistics

The Shipping and Logistics team discusses all types of Payments, Shipping Documentation, freight forward and handles bookings. We also have special shipping arrangements and all information is updated for the customer through this department.
